November's webinar: Responding to gun violence as a public health crisis

A promotional graphic for a webinar. It features a dark blue background with an orange border at the top and bottom. On the left, there is a white box containing the County Health Rankings & Roadmaps logo and the text "WEBINAR Positioning public health to respond to gun violence 3PM ET | November 14". On the right, there is a photograph of a woman in a striped shirt carrying two children on her back in a carrier. The children are wearing backpacks, one pink and one black. They are walking outdoors on a paved path.

WEBINAR

**Positioning
public health to
respond to gun violence**

3PM ET | November 14

While gun-related suicides and homicides have reached record numbers, the American Public Health Association has declared gun violence a preventable public health crisis.

Join our November webinar to learn ways to prevent and reduce violence and gun-related incidents in communities. We will hear about successful strategies from [Cure Violence Global](#) and the [King of Kings Foundation](#).

We hope to see you there.

I Raise the Rates! October Edition

In this edition of I Raise the Rates (IRtR), you will find a variety of new resources from several public health partners, educational opportunities, and a brief selection of popular media articles related to immunization.

ACP I Raise the Rates Community Champion Guide

Are you looking for ways to promote adult vaccine uptake in your community? ACP's I Raise the Rates Community Champion guide offers a range of education resources as well as access to a fillable toolkit to help you design a personal action plan to increase vaccinations in your community.

We're absolutely making it too hard': The complexity of adult immunization delivery hinders vaccine

uptake By Helen Branswell Oct. 25, 2023

Alison Bittenheim was floored by a sign she saw in her doctor's office when she went to get the first jab of the two-dose shingles vaccine to protect her against painful flare-ups of varicella zoster.

Panic and neglect; panic and neglect

by YLE Dr. Katelyn Jetelina

Maplewood has been approved for a Gold Star in Health

Maplewood has been approved for a Gold Star in Health and will be receiving their award and recognition at this year's Sustainable Jersey Annual Luncheon. As you likely know, this effort was led by your fellow Health Task Force member, Candice Davenport.

Not only did Maplewood complete a thorough community engagement process to uncover and prioritize the areas for improvement impacting community health, they have woven it into their Master Plan! Which, as you know, is a significant undertaking of its own. I think Candice and team serve as a model for other towns to potentially simplify and coordinate health assessment with MP visioning processes. Read more about the initiatives they completed and their Local Health Assessment & Action Planning process [here](#).

Next Rutgers CE Class

Course Name: Health in All Policies (HiAP)

Course Code: EP0706WA24

Date: Friday, November 17, 2023

Time: 9:00 am – 3:30 pm

Traumatic Brain Injury Research Study

We invite you to participate in a study designed to understand the gaps in services for TBI survivors, caregivers, and providers in New Jersey. The study survey will take approximately 15-30 minutes to complete.

To participate, you must be:

- | A resident of New Jersey
- | Over the age of 18
- | Receiving or providing services for traumatic brain injury in New Jersey
- | A survivor, caregiver, or provider for TBI

For more information, please contact Sakina Ladha at sladha@bianj.org

If you wish to complete this over the phone or in paper form, please contact Sakina at (609-480-2271)

> **Participants will be entered in a pool to win a \$10 gift card.**
