PUBLIC HEALTH COMMUNICATIONS COLLABORATIVE

Better communication for better health.

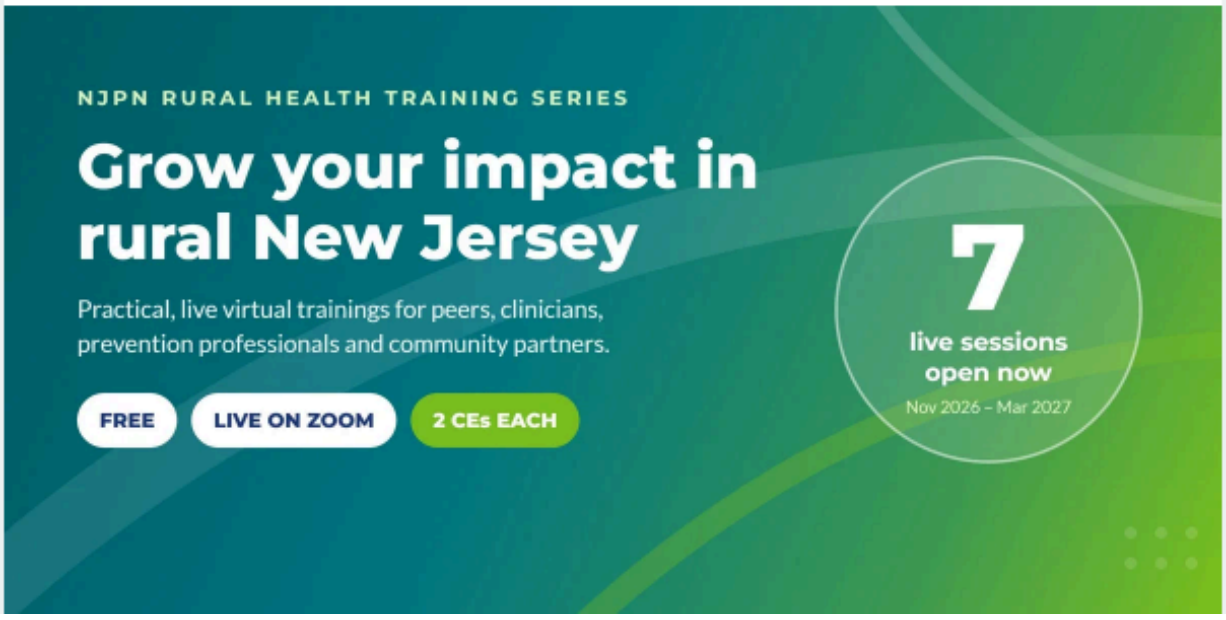

Your Go-To Source for Respiratory Virus Vaccine Messaging and Ready-to-Share Content

To help you stay ahead during respiratory virus season, PHCC is making it easier than ever for public health communicators to access timely messaging and turn-key resources. Explore the NEW Respiratory Virus Season Communications Hub to quickly find the assets you need to reach and protect your community.

Nov/Dec

Read More

People in rural New Jersey deserve the same quality of care and recovery support as anyone else, and the professionals who serve them make that possible. Our **Rural Health Training Series** gives you practical tools you can use right away, and the chance to learn alongside peers, clinicians, prevention professionals and community partners who share that commitment.

Seven live sessions are open now. Each one is free, takes two hours on Zoom and earns you 2 CEs. Pick the dates that fit your schedule and register in about five minutes.
